NEW ENGLAND REPUBLICANS

Boston, Mass., Feb. 18.—After spending three days looking over the political situation in Connecticut, Secretary Taft went to New Hampshire today to make two speeches, one at Concord this afternoon and the second at Manchester this evening. Tomorrow the Secretary of War will return to Massachusetts and during the next day or two he will be heard in Lowell and other Massachusetts cities.

The Taft managers in this section, while professing themselves well satisfied with the outlook, realize nevertheless, that as things now stand it is a toss-up as to whether Taft or Hughes will receive the support of the New England delegates to the Chicago convention. The general sentiment among New England Republicans is very favorable toward Taft. He has a strong hold on Maine, and Massachusetts, Rhode Island and Connecticut look upon him very favorably. Some anti-Taft sentiment has arisen in New Hampshire, but the Taft managers, supported by several of the foremost Republican leaders in New Hampshire, expect to have everything in line before the State convention meets. In Vermont and in Western Massachusetts Governor Hughes is well thought of, which is due probably to the proximity of this section to New York. Fairbanks spoke in various parts of New England several times last summer and fall, but apparently did not make a very deep impression. Speaker Cannon probably is stronger in this section than the Vice President. The real situation appears to be that the larger part of New England stands ready to support either Taft, Hughes or Cannon. Taft has secured the services of some very able political managers and may become dominant in most of the New England States within the next sixty days.

SNOW AND WIND.

Traffic In Some Sections at a Complete Standstill.

Chicago, Feb. 18.—One of the heaviest snowstorms of the winter commenced here at 9 o'clock Tuesday and rapidly increased in intensity. The snow fell in blinding sheets and was piled in drifts by thirty mile gale. Street car and elevated roads were greatly interfered with.

At Wichita, Kan., the wind blew thirty-six miles per hour, accompanied by heavy snow. Traffic was at a standstill there.

Burlington, Ia., reports the worst snowstorm of the winter.

At Omaha there was a foot of snow, drifting in places from four to six feet deep. Traffic was practically at a standstill.

A blizzard raged at Des Moines, Ia. Eight inches of snow fell and drifted badly.

Heavy snow demoralized railway and street car traffic at Lincoln, Neb.

Fought Them Off.

Goldfield, Nev., Feb. 18.—Thomas Tigh, assemblyman from this city, was set upon by three members of the Western Federation of Miners and in the struggle that followed was badly cut about the face. He fought off his assailants with a revolver, which he used as a club, the men getting the worst of the encounter. The offense charged against Tigh was he supported the state police bill in the special session of the legislature recently closed.

All but One Rescued.

Pottsville, Pa., Feb. 18.—All but one of the miners who were entombed in the Midvalley colliery were rescued alive. One of the miners was killed following the accident which entombed the men, and two injured. The others appear none the worse for their experience.

FLOOD CREST PASSED.

Ohio River Is Full of Heaviest Ice For a Number of Years.

Gallipolis, O., Feb. 18.—The crest of the Ohio river flood passed this section Tuesday, a stage of forty-seven feet having been reached. The river is full of the heaviest floating ice that has passed here since 1884. Pomeroy, Point Pleasant and Henderson are badly inundated. There is much suffering on account of the extreme cold.

BOTH ARE DEAD.

Unhappy Marriage Causes Bridegroom to Kill Bride and Suicide.

Denver, Feb. 18.—Oscar Kirby, son of a Colorado grocer, shot his bride of two months early Tuesday and killed himself with the same weapon. The couple had lived apart since the week after their marriage.

Wrong Name Alleged Given.

Fort Worth, Feb. 18.—The case of Mrs. W. C. Holley vs. the Western Union Telegraph company, in which she seeks to recover \$2,000 from the company, is on trial in the district court today. The case is a relative of the death of a woman at Austin was delayed because the message was addressed Halley instead of Holley.

DELEGATES REACH DALLAS

Dallas, Texas, Feb. 18.—Every arriving train today brought its quota of delegates to the big convention of the Southern Cotton Association, which will be called to order here tomorrow morning. Convention headquarters were opened this morning and as fast as the delegates put in an appearance they were provided with badges and assigned to quarters. President Jordan and other leading members of the association are confident that the convention will establish a high record for attendance. Every cotton growing State of the South will be fully represented.

MINERS HOPE FOR PEACE

Peoria, Ill., Feb. 18.—Representatives of the Illinois division of the United Mine Workers assembled in convention here today to frame their demands to be presented to the conference with the operators next Thursday. While the situation presents several ominous features at the present time it is hoped that an amicable understanding will be reached. If the Illinois operators and miners come to an agreement it will materially assist in clearing up the situation in the whole competitive field, including Illinois, Indiana, Ohio and western Pennsylvania. Otherwise a general suspension of operations may take place on April 1, when the three-year agreement will expire.

PLEADS NOT GUILTY.

Attorney For Morse Scores Severely Jerome.

New York, Feb. 18.—Charles W. Morse pleaded not guilty to charge of perjury and was released on \$10,000 bail. The perjury indictment grew out of the loan of \$50,000 to E. R. Thomas, concerning which Mr. Morse was called before the grand jury as a witness.

It is charged Thomas caused a deposit of \$50,000 of funds of the Provident Savings Life Assurance society of New York, to be made with the National Bank of North America, of which Morse was vice president, and that Morse then authorized the bank to loan Mr. Thomas' \$100,000. Mr. Morse is alleged to have a first testified before the grand jury he did not authorize the loan and then admitted he did so.

Philip J. Britt, counsel for Mr. Morse, objected to the requirement of additional bail for Morse on the charge of perjury. He said: "Other persons have been arraigned in this court on the same count and released under bail as low as \$2,500. Mr. Morse is under \$20,000 bonds already. To ask another \$20,000 is in accordance with the brutal and unreasonable conduct of the district attorney. Sunday, when he sent three detectives down to the bay to arrest in a sensational and ostentatious manner the man who had traveled 3,000 miles to surrender himself."

UNIVERSAL PEACE.

New Movement Toward That End Is To Be at Once Inaugurated.

Stamford, Conn., Feb. 18.—A new movement in the crusade for universal peace has been made here. Wilson L. Gill, president of the American Patriotic league, announced a plan to establish correspondence between the children of the public schools of the United States and the children of the public schools of other countries with the object of producing better acquaintance between the people of the earth. Such acquaintance, it is believed, will in future be of value in preventing international disputes.

It is proposed to begin with correspondence between school children of this city and pupils of the normal college at Tokio, Japan. Dr. Gill says that a number of prominent men, both Americans and foreigners, have approved the plan.

ADVERSE TO BREWERIES.

Saloons Cannot Be Controlled in Iowa by Any Corporation.

Chicago, Feb. 18.—A dispatch to the Record-Herald from Des Moines, Ia., says:

Attorney General Beyers rendered an opinion to the executive council that saloons can not lawfully be owned or controlled by corporations including breweries. Half of the saloons in Iowa are controlled by breweries and this opinion will force the saloon business to be done by individuals, who will be personally responsible for all liabilities incurred. Under the decision prosecutions may be brought against saloons operated by breweries instead of individuals if within a reasonable time the property is not transferred.

Is at Seville.

Seville, Spain, Feb. 18.—King Alfonso is here. The report that he had been assassinated doubtless originated over the explosion of a bomb at Barcelona Monday, when a woman was killed, another injured and a child badly hurt, besides several buildings being damaged.

POLITICS AND POLITICIANS.

Call has been issued for a convention of negro Republicans of Mississippi to nominate a Foraker delegation to the National Republican convention. As a consequence two sets of delegates may be sent from Mississippi to the Chicago convention.

B. F. Nelson of Minneapolis is spoken of as the next Democratic candidate for governor of Minnesota. Mr. Nelson is a prominent manufacturer of paper and lumber. He is president of the Minnesota State Agricultural Society and of the Minneapolis Chamber of Commerce.

The next sixty days will witness the choosing of several hundred delegates to the national conventions by State and district conventions throughout the country. Thirty days' notice for the holding of a convention is required to be given and the calls will be sent out promptly from now on.

With the exception of the Independence National League all of the political parties have now fixed the time and place for holding their nominating conventions. The Populists will meet in St. Louis April 2, the Socialists in Chicago May 10, the Republicans in Chicago June 16, the Democrats in Denver July 7, and the Prohibitionists in Columbus July 15.

With practically all of the present State officers unopposed for re-election, interest in the campaign in Georgia this year will center chiefly in the Congressional contests. United States Senator Clay will probably be opposed by Seaborn Wright. Among the Representatives who will have opposition in returning to Washington are Edwards, of the First District, Griggs of the second, Lewis of the Third, Adamson of the Fourth, Livingston of the Fifth, Lee of the Seventh, Bell of the Ninth, and Brantley of the Eleventh.

The Democratic members of the United States senate whose terms will expire next March are Bryan of Florida, Clarke of Arkansas, Clay of Georgia, Gore of Oklahoma, Johnston of Alabama, Latimer of South Carolina, McCreary of Kentucky, McEnery of Louisiana, Newlands of Nevada, Overman of North Carolina, Stone of Missouri, Teller of Colorado and Whyte of Maryland.

Williams of the senate acting as toastmaster.

JUDGE T. J. WOOTTEN.

On Monday, December 23, at the home near Ingram, Judge T. J. Wootten answered to the final roll call and was gathered to the silent host who have gone before. Judge Wootten was, at the time of his last illness perhaps the oldest native Texas then living, having been born in what is now Brazos county, November 7, 1833.

Deceased was for many years County Clerk of Brazos county, and was afterwards District Judge of that District. In 1872 he came to Kerr county, and afterwards served a term as County Judge of this County. He was a man held in the highest esteem by the people of every community in which he ever lived.

The funeral took place Christmas eve under the auspices of the Masonic Fraternity, of which he had long been a member. Interment was made at the Nichols cemetery near Ingram. Deceased leaves a widow, two sons and three daughters, who with a host of sorrowing friends mourn the passing of a patriarch. Peace be to his ashes.—Newspaper clipping sent by J. W. Henry.

MARRIED IN HOUSTON.

Mr. Elmer G. Lang of Navasota and Miss Belle Trant of this city took relatives and friends alike by surprise Sunday night and were married in the city of Houston. Mr. Long, who formerly lived in this city for a time, came to see Miss Trant on Sunday and called both morning and afternoon at her home. In the afternoon, shortly before the arrival of the southbound train on the Central, they left the house ostensibly for a walk and took the train for Houston where the marriage was consummated Sunday night. Parents of the bride were informed, and the happy couple has returned to Navasota where they will reside.

The groom is a popular young man and a telegraph operator of that city, and the bride is a daughter of Mr. and Mrs. W. P. Trant of this city, and has been for some time one of the obliging and courteous force of lady operators employed by the telephone company. She has many friends in this city who unite in wishing the young couple abundant happiness.

Mr. W. H. Walker, secretary of the Fraternal Union of Bryan, has been advised by the supreme secretary of the order that a draft has been forwarded to Mrs. J. C. Davis of Navasota for the sum of \$1133.60, in payment of certificate held by her late husband, a member of the Bryan Union.

FORTY-STORY BLAZE.

"The Highest Fire" That New York City Has Ever Experienced.

New York, Feb. 18.—"The highest fire in New York" was put out by two policemen and a fireman. It was only a blaze from a plumber's fire pot, but it was on the fortieth floor of the new Singer building, something like 500 feet above the sidewalk and was extensive enough to be noticed by thousands on East and North River ferry boats and the Brooklyn bridge. A fireman with an extinguisher and two officers from a nearby police station were taken in the elevator to the thirty-fifth floor, climbing narrow ladders over building material five stories more, where they came upon an upset plumber's fire pot. The wind had fanned the hot coals and the entire tower was lighted up. The fire was soon smothered.

Good Price for Wheat—Some Big Hogs—News of Brazos County People.

Dimmitt, Tex., Feb. 15, 1908.

To The Bryan Eagle:

As the big boys are all gone off to singing tonight and left me and the old woman and the baby, the shepherd dog and the cats here alone, I thought I would scratch off a few lines to the Eagle. My family are all well, but there is quite a lot of sickness at Dimmitt. Such as croup, diphtheria and severe colds.

We have had the mildest winter up to date that this country has had since I came to it. With the exception of what cold we had before Christmas and the snow that we had while I was in Brazos county, we have had no winter scarcely. Ice hasn't been thick enough since I came home to hold up a man's weight. Everybody is getting busy in the way of breaking land, building fences, houses, drilling wells, setting out trees etc. Our neighborhood has hauled a great deal of wheat to Hereford since I came home first of January. Sold it to a Wichita Falls buyer and got \$1.00 per bushel for it on board the cars at Hereford.

There is a large acreage planted to wheat in Castro County this year, which is doing fairly well at present, but will soon need moisture. Your correspondent has seen over \$100.00 worth of hogs since January 15 and has one more to sell that will weigh over 300 pounds and has put up plenty meat to do the family one year, and has four or five gallons of fine lard. One fellow in Brazos asked me if we raised any hogs out here and when I told him yes, he then asked me what we fed them on. Well, I was so surprised at such a question that I actually told him we fed them on corn, when I should have told him "Post-oak" acorns. There is a man 12 miles east of Dimmitt who sold a hog to the cashier of the First State Bank of Dimmitt that weighed something over 500 pounds. I can't say what he fed him on, but if any one doubts this story write J. L. Crum of Arney, Texas, or B. Rowan, Dimmitt, Texas.

Brazos County People.

Well, a few words about the Brazos county people out here and I will close.

Mr. and Mrs. A. P. Todd, of Dimmitt have another fine boy.

S. I. Lee has sold his mercantile establishment at Dimmitt to Claude Estes.

Mr. and Mrs. T. J. Sawyer returned from Brazos with very bad colds and had quite a spell of sickness, each of them, but are glad to note that they are both well again.

R. A. Holland, deputy clerk of Castro county, is in your county visiting homefolks and attending to other business.

Seaborn Keith and Jim Lloyd, formerly of Kurten, but now in Castro are well pleased with the plains.

Mr. J. C. Taylor of the Kurten community is also with us in this community and is getting along nicely preparing for 1908 crops. He also owns 1-2 section as fine land as one can find in the county, so you see there are a few Brazos county people in this wild west that are not afraid of starving.

FURNITURE BILLS.

Stevenson Says Collections Were Made at So Much "Per Foot."

Harrisburg, Pa., Feb. 18.—When the trial of the state capitol conspiracy cases were resumed Tuesday, James Stevenson, bookkeeper for Contractor John H. Sanderson, was recalled to explain details of furniture bills, invoices and measurements. Sanderson's experts, who testified Monday, instead of collecting for 105,000 "feet" of furniture or \$1,589,752, as he was entitled to under the contract, said he collected only for 57,996 "feet," amounting to \$876,066. He will be called for cross examination by the commonwealth. Sanderson collected for furniture at the rate of \$18.40 "per foot."

**All the Gold
IN GEORGIA
Could not Buy-**

Roding, Ga. August 27, 1906.
Messrs. E. C. DeWitt & Co.,
Chicago, Ills.

Gentlemen:—
In 1897 I had a disease of the stomach and bowels. Some physicians told me it was Dyspepsia, some Consumption of the Lungs, others said consumption of the Bowels. One physician said I would not live until Spring, and for four long years I existed on a little boiled milk, soda biscuits, doctors' prescriptions and Dyspepsia remedies that flooded the market. I could not digest anything I ate, and in the Spring 1902 I picked up one of your Almanacs as a poor emaciated Dyspepsia wreck will grasp at anything, and that Almanac happened to be my life saver. I bought a fifty cent bottle of KODOL DYSPEPSIA CURE, and the benefit I received from that bottle ALL THE GOLD IN GEORGIA COULD NOT BUY. I kept on taking it and in two months I went back to my work, as a machinist, and in three months I was well and hearty. I still use a little occasionally as I find it a fine blood purifier and a good tonic.

May you live long and prosper.
Yours truly,
G. N. CORNELL.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success out that original and highly vital principle, no such lasting accomplishments were ever to be had. For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Takes it or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend
